Left behind, like a creepy End Times novel. Damned sprained ankle.

Thank you

This is Patricia Andreoli, wife of Daphne Worth, who you all knew as Trollcatz. Daphne died

...And there goes the weekend

But hey, we got a day and a half of this one! And I got to sleep in for two whole mornings. Too bad

You aren't missing anything. It actually IS sort of like the world without noisy religious people hereabouts. So far.

We're not going to be back for Friday, and I had a really great scheme for the doughnut. Drat!

Does it count that it concluded on the roof? Otherwise, non.

You know how a cat looks when goes after a bird and bangs into the window instead? Embarrassed, and peeved, and also, "Ah, Grasshopper, one day you will understand the world is kind and cruel and the window and I are there to teach you the futility of all things"?

Yeah, that was R's expression. Pretty much worth the trip, just for that.

He may have seen me sooo not smiling. That may be why I get the ME tomorrow.

Oh, more ME? Crap. I saw that on the news, I think.

I cannot hate that enough.

Yeah.

Yesterday was sort of fun. And the ME was supposed to be backstory.

Today is *not* fun. And the ME is current events.

I can get distance from almost anything, but suddenly, this one? Not so much. No idea why. Except I'm pretty sure nobody should have to say, "I'm sorry, you can't touch your kid's body. It's evidence."

Probably more than I ought to post, man. Don't report me, okay?
